

FOR FOOD BUSINESSES AND BRANDS

To plan photo shooting for your product properly, please let me know a few things:

- * Product Brand
- * How Many products are there to shoot (One time shoot)
- * How many images per product?
- * What type of Photography you want? (E-commerce/ Creative)
- * ingredients to use in photo shoot (provided by client)
- * Reference images?
- * Styling props requirement
- * Mood of the Images

It will help me to make a plan of our work and achieve best results.

Usually photoshoot for menu takes 3-7 days, depends on product, quantity and clients requirements.

What is a photography day including

- * Photoshoot at my studio
